

1 Write the names of the gadgets.

A detailed black and white line drawing of an electronics store. In the center, two shopping carts are filled with various electronic goods. The first cart contains a large box labeled '\$480', a laptop labeled '\$900', and other smaller items. The second cart has a camera labeled '\$200' and a box labeled '\$650'. To the right, a woman holds a pair of headphones labeled '\$115'. Another person nearby looks at a device labeled '\$250'. In the background, more customers are browsing; one man holds a price tag for '\$700', and another looks at a product labeled '\$225'. Shelves in the background display more electronics, including a monitor showing a landscape picture with a price tag of '\$1,500' above it. On the far left, a young girl stands holding a small electronic device.

6. _____ \$225
7. _____ \$115
8. _____ \$700
9. _____ \$1,500
10. _____ \$200
