

# Clocks Riddle

Five different clocks, of different styles and colours, read different times.

Can you find the colour, the style and the time of each clock?

## CLUES

- 1) The digital clock is not red.
- 2) The red clock shows more minutes past the hour than the cuckoo clock.
- 3) According to one of the clocks, it is 30 minutes after ten o'clock.
- 4) One clock reads either a quarter past three or a quarter past twelve.
- 5) Neither the yellow clock nor the digital clock shows the hours as 10.
- 6) The digital clock shows 15 minutes more than the one that shows the hours as 3.
- 7) Of the blue clock and the clock that shows the hours as 10, one is the alarm clock and the other shows 00 minutes past the hour.
