

LISTENING

You are going to hear five monologues of people talking about how they study for exams. Listen and choose from the list (A-H) what each speaker (1-4) says. There are three extra letters which you do not need to use.

EXAM TIP!

First, read the instructions and the statements (A-H). Then, decide which key words tell you what information to focus on while you are listening.

- A Creating the right atmosphere helps me study better.
- B I do most of my studying just before I go to bed.
- C I prepare myself in every way I can to keep calm.
- D Even when I'm busy, I try to find time for revision.
- E I get too stressed, so I only study the night before.
- F I found a way to share studying with others.
- G I changed the way I revise after reading something about it.
- H Having good writing equipment helps me focus.
