My Flight to London

Last month **was** my first time flying by myself. I was a little nervous, but it was exciting! My friend Camila invited me to her 30th birthday in London, U.K. She studies English with me online and we had stayed in touch. This was the chance to meet her face to face. I was looking forward to it. I **had booked** my flights and accommodation and bought a cool gift for Camila. On the day of the departure, everything was going well. I had arrived in Buenos Aires the night before. The weather was beautiful, the sun **was shining**, and I was really excited to fly for the first time. I took a taxi to the international airport terminal. Then, I checked in at the check-in counter and walked to the departure lounge at Gate 64. I was early, so I didn't have to wait a long time to go through immigration and security. I waited in the departure lounge for about 25 minutes and then I **showed** my passport and boarding pass before I boarded the plane. After I boarded the plane, I walked along the aisle and found my seat, and then I sat down and fastened my seat belt. I was lucky because my seat was a window seat, so I could look outside as the plane took off. I **was watching** a movie when I realized that I was sitting next to a celebrity. This passenger was Chayanne! I was nervous but that didn't stop me to ask him if we could take a picture of both so that I can show off this picture to my mother. After a few hours, we arrived in London. It was a great experience, and I made a lot of friends during my six weeks in England.
