Class Goal: Students will speak, understand, read, and write English well enough to learn how to make the dreams they have for their adult lives come true.

What does this mean for me?

1) I will do my best work at all times.
2) I will ask questions when I don't understand.
3) I will only have homework if I do not complete classwork.
4) I will have one chance to complete unfinished classwork at home. If I do not complete it at home, I will complete it during my lunch/activity time or after school.
5) I will bring a pencil and a charged computer to class every day.

I will do what I need to do to reach the Class Goal.

Class Expectation: Students will practice being mature, caring members of society.

Why is this important to me?

1) Success and power in American society depend on education. (society=the national community)
2) I control whether I learn or do not learn. No one can force me to learn. No one can force me to stop learning.
3) No one has the right to make learning difficult for me, for example, by ridiculing, threatening, or distracting me.
4) I do not have the right to make learning difficult for other students, for example, by ridiculing, threatening, or distracting them.
5) To enter adult society, I must practice being kind, caring, and cooperative.
   Society rejects people who do no have these skills.

I will meet the Class Expectation.
