

Advanced_Grade-3_Multiplication and Division

Understanding Division using Visual Models

Encourage child to use the image below to circle the sets of numbers and solve the division problems.

$$17 \div 3 = \underline{\quad}$$

$$\text{Remainder} = \underline{\quad}$$

$$24 \div 5 = \underline{\quad}$$

$$\text{Remainder} = \underline{\quad}$$

$$22 \div 8 = \underline{\quad}$$

$$\text{Remainder} = \underline{\quad}$$

$$18 \div 7 = \underline{\quad}$$

$$\text{Remainder} = \underline{\quad}$$

$19 \div 2 = \underline{\quad}$

$\text{Remainder} = \underline{\quad}$

$14 \div 4 = \underline{\quad}$

$\text{Remainder} = \underline{\quad}$

$23 \div 6 = \underline{\quad}$

$\text{Remainder} = \underline{\quad}$

$26 \div 9 = \underline{\quad}$

$\text{Remainder} = \underline{\quad}$
