THEY NEED OUR HELP NOW!!!

Animals are endangered because people ..... The main reasons for this endangerment are ***pollution*** from ..... and ***deforestation*** for farming and building cities and roads. These **habitats are essential** for ..... space, light, water, food and shelter .

So, what can we do to **help**?

1. ..... in national parks, nature reserves or wilderness areas. It is important to protect farms, too.
2. ..... whatever you can.
3. **Make compost**.
4. ..... (Green kids, projects in your community, etc.).

DID YOU KNOW?

Governments, organisations, local communities, and individuals **work together** to protect species.

Campaigns involve people in these issues.

Volunteering is essential for different activist projects.
