a) En un nido hay 16 pájaros, 7 se van volando  
¿Cuántos pájaros quedan en el nido?

A game tree diagram on a grid illustrating a subtraction game between two players, D and U. The game starts with the number 16. Player D subtracts 7, leaving 9. The result 9 is enclosed in a blue box. Player U then subtracts 1, leaving 8. The result 8 is enclosed in a blue box. Player D subtracts 2, leaving 6. The result 6 is enclosed in a red box. Player U then subtracts 1, leaving 5. The result 5 is enclosed in a blue box. Player D subtracts 2, leaving 3. The result 3 is enclosed in a red box. Player U then subtracts 1, leaving 2. The result 2 is enclosed in a blue box. Player D subtracts 1, leaving 1. The result 1 is enclosed in a red box. Finally, player U subtracts 1, leaving 0, which is indicated by a red minus sign.
