

Match with the correct weather

When you see me, you can see stars, too.	Look carefully to see my seven colours.	I come from grey clouds.	I'm hot, big and round.	You want me when you go sailing!	I only fall on really, really cold days.
You only see me when the sun's behind you!	I'm white.	I make the leaves fall from trees.	I come out when you go to bed.	No, you can't see me at night!	I can change things from dry to wet!

snow	rain	wind	moon	rainbow	sun
