

## Track 2

### Listening Task 1 – Understanding synonyms – exercise 3

I've just got a new phone, and I'm really  with it. My old one was  – old-fashioned and quite , and it didn't even have a camera. My new one's , though. It's much  than my old one, and much , so it's  to hold and carry. Mine's pink, but there are  of other colours to  from if you don't want a pink one. I went for one that has 32 gigabytes of memory, but it was  expensive. They also do one with only 16 gigs, which is not so . Mine's got everything I need, including a  camera, so it's  as far as I'm concerned.
