

Track 2

Listening Task 1 – Understanding synonyms – exercise 3

I've just got a new phone, and I'm really [redacted] with it. My old one was [redacted] – old-fashioned and quite [redacted], and it didn't even have a camera. My new one's [redacted], though. It's much [redacted] than my old one, and much [redacted], so it's [redacted] to hold and carry. Mine's pink, but there are [redacted] of other colours to [redacted] from if you don't want a pink one. I went for one that has 32 gigabytes of memory, but it was [redacted] expensive. They also do one with only 16 gigs, which is not so [redacted]. Mine's got everything I need, including a [redacted] camera, so it's [redacted] as far as I'm concerned.
