#### IV.

**Complete the text by filling in the spaces with the numbers from the box. Then listen again and check.**

25,000; one third; a million; 600,000

How many words are there in the English language? Well, it's difficult to answer this question exactly. The Oxford English Dictionary has ... words but there are many more, maybe ... . New words appear all the time, about ... every year. They

come from science and technology, but also from slang. Only ... of all the English words are of English origins. All the rest come from other languages, especially French and Latin.

**H/W**    make up your own sentences with the new words and learn them by heart
