2 _____
Tortoises haven't got teeth. Pet tortoises like salad, tomatoes and vegetables. They like fruit too, especially bananas! They need clean, fresh water every day.

3 _____
Tortoises like summer when the weather is hot. In summer they can live in a garden. Give your tortoise a box, it can sleep in it at night. In the day tortoises like walking in the garden. They like climbing too. Be careful, because they love eating flowers!

4 _____
Tortoises hibernate, which means that they sleep for about five months of the year. In October, put your tortoise into a box in a cupboard. The cupboard is warmer than the garden. The tortoise can sleep there in the winter.
