Zander 03 Hi everyone! I want to give you all an update on my last post. My school has given me some special rules for when I do exams. First, I [1]..... be allowed to use my laptop for written exams. This is great because I don't need [2]..... worry about my handwriting. I must take exams in the exam hall, but I don't [3]..... to finish at the same time as everyone else – I can have an extra 45 minutes. I'm so happy about this, because last year I [4]..... only able to answer half of the questions – I [5]..... to read the text and the questions in a time limit, but I couldn't do it. I hope I'll [6]..... able to get much better grades this year. Anyway, I [7]..... better get on with my revision now. I've [8]..... to prepare for the history exam!
