25 Look at the model of an opinion essay. Use it to write an opinion essay yourself about..

In your opinion, is it better to stay in a hotel or on a barge on holiday?

1 In my opinion, it's better to go on holiday on a barge. My family and I spend two weeks on a barge every summer and we always have a great time.

2 I prefer barges because they're more interesting than hotels. A barge is better because you have more freedom - you can go wherever you want. I also like them because they're relaxing - you're always near the water.

3 Some people prefer hotels, but not me! I don't like staying in hotels because you always stay in one place, and they're usually noisier. I think barges are probably cheaper than hotels too.

4 In conclusion, I think that staying on a barge is better than staying in a hotel because you see more places, it's more relaxing, and it's cheaper.
