

B. Read the following texts and classify the information for the correct holiday. Write **H** for Halloween and **B** for O-bon.

Halloween

Halloween is a celebration that takes place on October 31st, the last day of the month. This is a great day for children because they dress up in funny or ghostly costumes. They knock on neighborhood doors shouting "Trick or Treat!" and hold bags open to catch the candy that the neighbors give them. Many Americans have a tradition of carving pumpkins into glowering jack-o'-lanterns to decorate their houses.

O-Bon

O-Bon is a festival that Japanese people celebrate to keep the memory of their loved ones that have died. This is a celebration held in Summer. They visit the graves, clean them, lit candles in lanterns and make them float on rivers and seas. This is a beautiful festival. Japanese people present a great respect for their ancestors. In the city of Kyoto, people sometimes light giant bonfires as part of the celebration.
