I still don't ..... what I want
Stop trying to figure it out
It doesn't ..... cause I'm fine
I've been fine for a while
Don't want to think about.....
Trying to focus on .....
Keep making ..... but keeping them
Really isn't my .....
You don't, need to
Say the ..... I know you
I don't care ..... we do
Just need ..... to go through

It's all right if you're ..... your time
..... who have been found
Are the worst to be around anyway
OK all I wanted to .....
It's all right
I still don't ..... what I want
And I've been kidding myself
..... for something
But it's been here, It's been here all along
Tired of looking around
I'm ..... over it
I know I'm a work in .....
And I would like to ..... that way
Don't stress it isn't worth it
Your ..... is not your resume
