

### EXERCISE 3

Read the information. Then listen to the next part of the conversation between John and Denise and answer the question.

In the IELTS Listening matching task, you have to listen carefully to understand the details of a conversation between two people.

As in other parts of the IELTS test, it is important to recognise *synonyms* (words that have similar meanings, e.g. *art show* and *exhibition*), *paraphrases* (different ways of expressing the same or a similar idea) and *summaries* (short words or phrases that describe something longer and more complex, e.g. *Why don't we go to the museum tomorrow?*, which can be summarised as a *suggestion*).
