Read the boy's letter about his school.

Hello!

My name is Calvin I am writing this letter to describe my school: Bill Watterson's school. It's a Secondary school.

I like my school. It seems to be a bit old and shabby, but it's cool and spacious. The teachers are nice and understanding, and we have lots of activities, so we never get bored.

There are interesting places to go. There are a gym opposite a canteen and a big playground. Some pupils like playing football there after classes. That's my favourite sport: I call it Calvinball! I created my rules...

There is also a library next to a science lab with lots of old books. There aren't only books in the library. There is also a television, a computer and some magazines. We can play chess or even cards in there.

There are a lot of classrooms in my school. I've never counted them. They are cosy and comfortable. My classroom is next to the gym. There are some specific rooms, too. There is a Chemistry, Physics, Biology and Maths. Maths is opposite my classroom. There is one computer room, I think. It's between gym and Music classroom. Pupils can go there to do their project works or homework. This is the best place for me. Finally, there is a music room. It's just right opposite the science lab. I play the flute. I think I play it well, but my teacher doesn't agree.

I really like studying here. My favourite subjects are English and Maths.

I love my timetable. I get up at 7:25 a.m. to come to school every day. I have classes at 8:20. I finish at 3 p.m. every day. It gives me time to do after-school activities like theatre. I am studying languages and I go to the Language Club three times a week. There I can read magazines in German and French watch a foreign video and listen to music.

I think that's all for today. I will send a map of my school for you to see as it is really big! Write to me and talk about your school and your timetable.

Your friend,

Calvin
