### Jon's problem

My problem is I'm always tired. I work in a café from seven in the morning to six in the evening. I drink a lot of coffee at work because I'm tired. I never have breakfast but I usually have a sandwich and a cake for lunch. I don't often go out in the evenings because I'm tired.

### Layla's problem

My husband does nothing in the house. I often get home after work and there isn't any food in the flat so I always buy food and cook. He says he isn't hungry and he doesn't want a big dinner. He wants to sit down and he watches TV all evening. I think it's important to have dinner together and talk.

### Rob's problem

There are a lot of beautiful places in the world but I never see them. My problem is I don't like travelling by plane, train, boat or car so I never go on holiday.
