Harry Styles

Should we just search  
comedies on Netflix  
And then see what we ?

I'm , I know  
But I don't ever want to see you with

I'm , I know  
I told you, but I know you never listen

I you can see, the shape that I'm  
in  
While he's your skin  
He's right where I should, where I

But you're making me

Woman  
Woman (la-la-la-la-la)  
Wo-Woman

Wo-Woman  
Woman (hey)

Apologies are never gonna this  
I'm , I know  
And are broken like a stitch is

I you can see, the shape I've been  
in  
While he's your skin  
This upon me howls like a beast  
You , you feast
