- D). Not really, thanks.

11. **Save Our Planet!**

*Don't waste water.*

*Use public transportation.*

- A). Cut down trees.
- B). Don't pollute the air.
- C). Don't recycle energy.
- D). Destroy forests.

Answer the questions (12–13–14–15–16) according to the text.

*Our World is in danger because of many reasons such as global warming, climate change, wasting water and energy. So, we should take precautions against them immediately. We should use public transportation, use energy saving light bulbs and turn on the electric devices when we don't use them. We shouldn't use sprays, perfumes and pesticides. Also, we should immediately stop destroying forests and we should use eco-friendly products. They protect the environment and they don't harm the Earth. These products are usually recycled items such as shopping bags, notebook or book papers. We should use them to save our earth.*

12. Which question does NOT have an answer in the text?

- A). What should we do to protect our earth?
- B). Why is the World in danger?
- C). Why do people use sprays, perfumes and pesticides?
- D). What shouldn't we do to protect the environment?

13. Which of the following is FALSE?

- A). We should stop use public transportation.
- B). We should use energy saving bulbs.
- C). We should use eco-friendly items.
- D). We shouldn't destroy forests.

17. Pesticides are \_\_\_\_\_ to nature.

- A). important
- B). harmful
- C). litter
- D). volunteer

18. Don't \_\_\_\_\_ that can into the sea. You shouldn't pollute the sea.

- A). swim
- B). breathe
- C). clean up
- D). throw

19. We should use \_\_\_\_\_ to protect our planet.

- A). fertilizers
- B). pesticides
- C). exhaust gases
- D). recycled products

20. Brad: \_\_\_\_\_?

*Clerk: It's a serious problem. Factories should use filters.*

- A). What is the temperature in your city?
- B). What are renewable energy resources?
- C). What do you think about air pollution?
- D). How can we save energy?

14. Eco-friendly products \_\_\_\_\_.

- A). harm the World
- B). don't protect the environment
- C). shouldn't be used
- D). are usually recycled

15. Which of the following is CORRECT?

- A). We should stop using eco-friendly products.
- B). We shouldn't turn on the electric devices when we don't use them.
- C). We shouldn't use public transportation.
- D). We shouldn't take precautions to save our Earth.

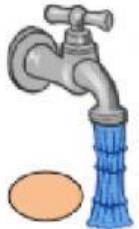

16. Why is the World in danger?

- A). We should use shopping bags, notebook and book papers.
- B). We should take precautions immediately.
- C). There are many reasons such as global warming, climate change, wasting water and energy.
- D). We should save the environment.

**GOOD LUCK** 😊
