5 USE OF ENGLISH Complete the article with nouns, adjectives and adverbs formed from the words in brackets. Add prefixes and suffixes if necessary.

Everybody knows that smiling is a sign of [1] _____ (happy) and that we frown when we are feeling [2] _____ (happy). Our feelings affect our face. But scientists now believe that our face can also affect our feelings. In other words, smiling can actually help to create a feeling of [3] _____ (content). And one of the best ways to prevent [4] _____ (anxious) is to control your facial expression. In one study, volunteers looked at very unpleasant pictures. Some of the volunteers held a pen in their mouth so their face could not move easily. Those volunteers did not feel as [5] _____ (disgust) by the pictures as the others. Researchers also looked at women who were unable to frown because of botox injections. [6] _____ (surprise), these women were less likely to suffer from [7] _____ (depressed), even though they did not feel particularly [8] _____ (happiness) about the change in their appearance.
