

CÀLCUL D'ÀREES

1. Troba l'àrea de les figures completant els espais segons les fórmules.

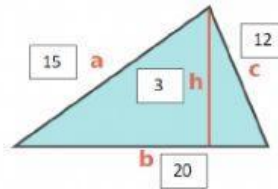

$$A = \frac{b \times h}{2}$$

$$A = \frac{\square \times \square}{\square}$$

$$A = \frac{\square}{\square}$$

$$A = \square$$

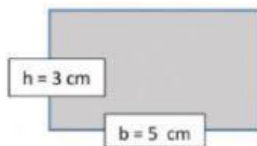

$$A = \frac{b \times h}{2}$$

$$A = \frac{\square \times \square}{\square}$$

$$A = \frac{\square}{\square}$$

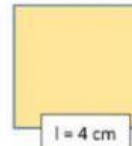

$$A = \square$$

$$A = b \times h$$

$$A = \square \times \square$$

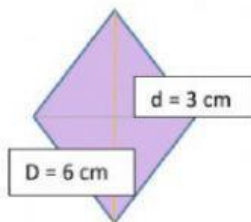

$$A = \square$$

$$A = c \times c$$

$$A = \square \times \square$$

$$A = \square$$

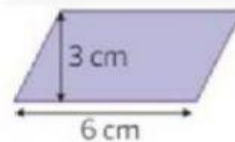

$$A = \frac{D \times d}{2}$$

$$A = \frac{\square \times \square}{\square}$$

$$A = \frac{\square}{\square}$$

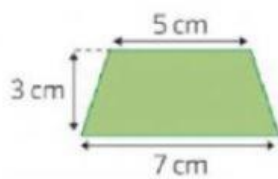

$$A = \square$$

$$A = b \times h$$

$$A = \square \times \square$$

$$A = \square$$

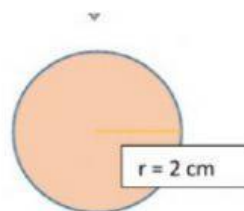

$$A = \frac{(B+b) \times h}{2}$$

$A = \frac{\square \times \square}{\square}$

$A = \frac{\square}{\square}$

$A = \square$

$$A = \pi \times r^2$$

$$A = 3.14 \times \square^2$$

$$A =$$

2. Calcula els perímetres de les figures següents:
