### Houses in the future

by Tony Watson

I'm sure / *think* houses in fifty years from now will be different. Some people think we will all live in blocks of flats in cities, but I <sup>2</sup>*don't / won't* think this will happen. I <sup>3</sup>*sure / think* lots of people will move to the country. <sup>4</sup>*Maybe / Hope* there will be faster trains from the villages that people will take to go to work in the cities. Houses will be detached or semi-detached. I <sup>5</sup>*will / hope* more people will grow fruit and vegetables in their gardens to help nature. I think people will go hiking and ride their bikes more to spend time close to nature.
