Changing – for the better?

Family life is changing in the US, but not in the way we might think. The results of several different US surveys expected to find that family relationships were suffering because of the decline in traditional family structures.

However, some of the results were very surprising...

32% of young adults under 25 and

10% of adults 30-34 still live at home with their parents.

43%

of families eat together every day.

33%

say they have the TV on during dinner.

50%

think a new baby in the family brings more happiness.

49%

of adults are happy and enjoy their lives without a lot of stress.

2 _____

of adults are not happy and have a lot of stress or worry in their lives.

3 _____

of teens feel close to their family.

4 _____

of teens want to spend more time with their parents.

5 _____

of parents stay connected with their children on social networks.

40%

of parents worry about what their kids post on social networks.

17%

of elderly women live with a relative such as a daughter, daughter-in-law, or grandchild.

4) Read The Article Again. Write True (T) Or False (F), Then Correct The False Ones.

A) () Nearly all families think a new baby in the family brings more happiness
