

## Homework Week 5 Tuesday

### Reading Homework:

#### Sidewalk Paint

Take your neighborhood sidewalk a work of art this summer! Mix up your own sidewalk paint in a variety of colors, then head outside to paint. Your neighbors will enjoy looking at your beautiful designs all summer long.

##### Materials

- Ⓐ 1/4 cup corn starch
- Ⓐ 1/4 cup water
- Ⓐ 8 drops of food coloring (any color)
- Ⓐ plastic container with lid
- Ⓐ paint brushes

##### Directions

1. Mix the cornstarch and water together in the plastic container, then add the food coloring. Stir well.
2. Make a variety of colors and store each in a separate container. Use brushes to paint beautiful designs on the sidewalk or driveway.
3. Keep in mind that the paint washes off with water, so your colorful pictures will disappear after a rain shower.

1. The main reason the author wrote these directions was to -

- A. amuse children with a fun story about painting
- B. explain how to make something for a fun activity
- C. tell students how to become better artists
- D. share ingredients for making a tasty treat

2. The author most likely includes step 3 to -

- A. list materials needed to make paint
- B. explain what will eventually happen to the paint
- C. describe how to store the paint so it doesn't dry out
- D. tell who would enjoy the paint

## Writing Homework:

Choose the nouns from the list below. (Hint there are three).

house	run	student
strawberry	stop	talk

Choose the verbs from the list below. (Hint there are three).

house	run	student
strawberry	stop	talk

# Math Homework:

Complete the place value chart for the following number - 6,098,735.

0	
3	
5	
6	
7	
8	
9	

ones
tens
hundred thousands
millions
ten thousands
hundreds
thousands

2. Order the whole numbers from greatest to the least.

Greatest

↓

Least

1,635,986
1,653,869
1,635,689
1,653,968

3. Round 975,623 to the nearest ten thousands place?

a. 976,000

b. 1,000,000

c. 980,000

d. 975,600

4. Which range of numbers would round to 520,000?

a. 526,975 - 536,075

b. 527,825 - 539,524

c. 528,513 - 532,145

d. 519,874 - 523,401

## Virginia Studies Homework:

Click and drag the vocabulary terms to match the definitions.

"at the  
foot of  
mountains"

explaining where  
something is by  
using terms  
that show  
connections  
between places

an area of  
elevated land  
that is flat  
on top

a piece of  
land bordered  
by water on  
three sides

peninsula

Piedmont

plateau

relative  
location

## Science Homework:

### #2 LABEL THE PARTS OF THE PLANT:

**Flower**

**Leaves**

**Root**

**Stem**

© Photo Glare 2018

### #3 DRAG THE TERMS ON THE LEFT TO THE DEFINITIONS ON THE RIGHT.

**Flower**

- Anchor plant
- Takes water and nutrients from the soil

- Provides support
- Allows movement of water and nutrients

**Leaves**

\*Reproductive part of the plant

\* Primary food-producing part of the plant

**Root**

**Stem**
