

Numbers
JoJo

I heard you were out last night

That's okay with me, that's fine

I ain't like those girlfriends

I don't got a leash on my man

Flirting just for fun is cool

But only if that's all you do

So what's this in your pocket

With some chicks name on it

The look on your face

Says you called her already

Well if you really needed numbers, baby

_____ number times that I play the fool

And _____ are the boxes I packed for you

We're over if you want some numbers

Here's a number _____, _____, _____

Ain't your address no more

Your cab will be here at _____

It's over if you want some numbers

Here's a number

Stay _____ feet away from me

Not _____ word don't beg or plead (no, no)

I've heard enough talking

Just turn around and keep walking

I went through the address book

On your phone I had to look

And I saw some new names

I bet _____ on there yesterday

The look on your face

Let's me know that you're guilty

So here's some numbers

If you want them, baby

_____ number times that I play the fool

And _____ are the boxes I packed for you

We're over if you want some numbers

Here's a number _____, _____, _____

Ain't your address no more

Your cab will be here at _____

It's over if you want some numbers

Here's a number

Uh-oh, Uh-oh

Say it again

Uh-oh, uh-oh

Uh-oh, uh-oh

Uh-oh, uh-oh

_____ are the feelings I got left for you

The _____ is that you and I are through

Cause you can't deny, you told a million lies

It's _____, oh look here comes your ride

_____ number times that I play the fool

And _____ are the boxes I packed for you

We're over if you want some numbers

Here's a number _____, _____, _____

Ain't your address no more

Your cab will be here at four

It's over if you want some numbers

Here's a number

Uh-oh, uh-oh

Never again, no

Uh-oh, uh-oh

Uh-oh, uh-oh

Uh-oh, uh-oh

Here's a number

Uh-oh, uh-oh

Uh-oh, uh-oh

Uh-oh, uh-oh

Uh-oh, uh-oh
