

4C

# Choose Your Composition

Workbook

## READING

### 1. Complete the text with the words from the box.

Taking selfies is more than just pointing your camera to (1) \_\_\_\_\_ without planning. First, hold the camera close to your face and tilt (2) \_\_\_\_\_ a few degrees to the right or left. Second, show another (3) \_\_\_\_\_ than just smiling, like a cool, collected or serious expression. Finally, taking a picture with minimal (4) \_\_\_\_\_ can be very interesting and will show the viewer the 'real you.' Briefly, taking (5) \_\_\_\_\_ is fun and easy, but you should know how to do it right.

### 2. Read the paragraph in Activity 1. Circle T if the statement is TRUE and F if the statement is FALSE.

1. Taking selfies needs planning.
2. There's no need to use a certain angle.
3. Don't use a smiling expression.
4. Take a selfie to show the 'real you.'
5. It's not difficult to take a selfie.

## WRITING

### 3. Sort out the ideas about 'the rule of thirds composition.' Mark the topic sentence as TS and the supporting details as SD.

Rule of thirds composition - a guideline for photographers to put an object in their photo.

Place the subject along one entire line if it is large.

Use an intersection of the grid if the subject is small.

Leave an empty space in the direction the subject is looking.
