

## Haunted House Logic Problem

Use the table to help you solve the logic problem.  
Each square represents a possible answer. Follow the rows  
and columns to find the correct combination.

\*Type an "o" in a square for the correct answers\*

\*Type an "x" in a square that isn't the answer\*

	Attic	Kitchen	Parlor	Bedroom	Noise	Spider	Image	Feeling
Tommy								
Sara								
Declan								
Mary								

Tommy, Sara, Declan and Mary visit a haunted house. They each explore a different room; kitchen, bedroom, attic and parlor. There is something in each room that scare them; a scary noise, a giant spider, an image that moves or an eerie feeling. Can you determine who went into what room and what scared them?

### Hints:

1. Tommy was too scared to go into the attic but heard a scary noise in another room.
2. Sara was so happy she didn't come across any giant spiders or see any moving images.
3. The person who saw the giant spider, saw it in the bedroom.
4. Mary explored the kitchen.
