Reading and Writing

1 **A** **Read the text. Write T (True) or F (False).** (6 x 1 = 6)

My name is Ama and I live in Sri Lanka. My country is an island so there are lots of towns and villages near the sea. There are dolphins and huge whales in the ocean around my country. There are also some beautiful coral reefs with many different kinds of colourful fish. Many tourists visit Sri Lanka. The tourists go on boats to see the coral reefs. This is a problem because there's a lot of pollution from the boats which can kill the reef and the fish.

There are many forests in Sri Lanka with different kinds of wildlife like monkeys, birds, snakes and lizards. There are a lot of elephants too. Some live in national parks but you can also find them in other parts of the country. People used to hunt the elephants but today the *World Wide Fund* (WWF) helps to protect them.

Tourists in Sri Lanka always enjoy eating our wonderful food – curry and rice, and a special bread called *rotti*. Of course, they also love our delicious coconuts, which are sold in every market on the island.

_____ 1 A lot of people in Sri Lanka live near the sea.

_____ 2 Boats take tourists to see the coral reefs.
