A volunteer group came to our little village last month. When they arrived at the end of the path leading to the village, the village children ran after them and we heard their loud songs. On the first day, they had a talk with the head of the village in the morning, and later on with the villagers in the evening.

They brought lots of things with them such as clothes, food, and things. During the day, they did a lot of helpful things for us. They repaired the furniture in our village school and also fixed the houses for elderly people. They dug some new wells so that we could get more fresh water. They gave notebooks and pencils to the school children. In the evening, they taught the

village children songs and games.
