Read the ice cream scoops. Put each scoop on the cone that names the character trait the scoop describes.

Audrey sometimes had trouble remembering things. Almost every day, Audrey left her glasses at school. When she had homework to do, it usually stayed in her backpack until her dad reminded her about it. She also lost coats all the time by leaving them places.

Mrs. Ramirez never seems to slow down. She has three kids, a husband, and a full time job, but I often see her planting flowers, or raking leaves in her yard. She also volunteers at school when she can. She is always on the go!

Parker liked to be in charge. He always knew what should be done, and he wasn't afraid to tell others what to do. If there was a game, Parker set up teams. If kids disagreed about a rule, Parker was the judge and told everyone what was fair.

Alexis filled her bedroom with things she made. She loved to draw beautiful pictures, and one day she hoped to be an artist. She also made things from nature. She painted rocks and created fairy worlds out of sea shells. When Alexis made things, it gave her joy!

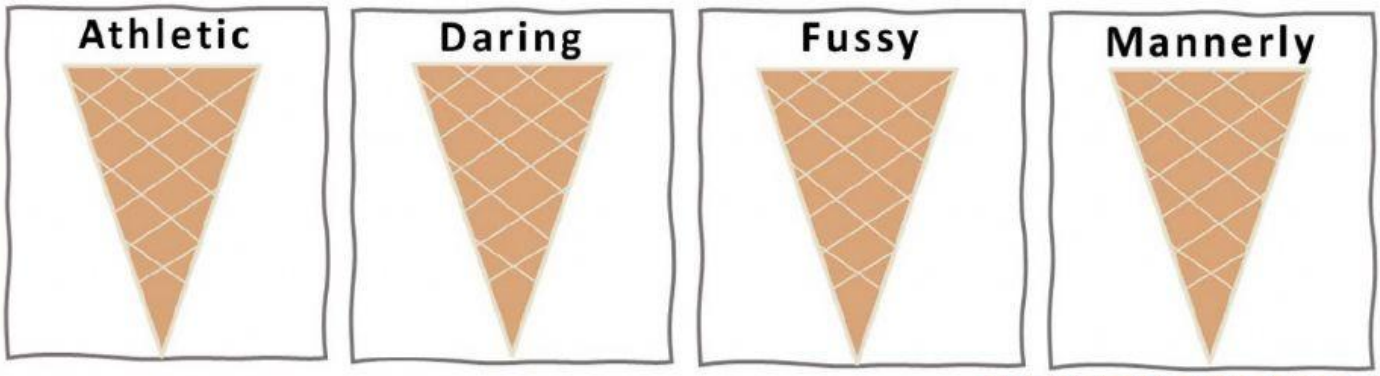

LIVEWORKSHEETS

Penny likes things just so. Penny is a picky eater and only likes a few foods. When she eats, none of the foods on her plate can touch the other. Even though she shares a room with her sister, Penny makes sure that her side is perfectly clean. She doesn't like clutter around her.

Benji was a very polite person. He said *thank you* whenever he was given anything. If he needed something, he made sure to use the word, *please*. He also said *excuse me* if he bumped into someone.

William likes excitement! He enjoys activities which are a little scary to some people. He was the first in his family to zip line and he asked his parents to go back again and again. When his dad took a rescue class, William did too. He learned to use ropes to climb rocks.

Evan is the happiest when he is playing sports. He loves football the most but also likes hockey, soccer, baseball, and basketball. He does well in school, but his favorite subject has always been P.E. Besides playing sports, he likes to watch sports too!
