If you go to Morocco, you should definitely travel ¹ **by** land rather than flying, so you can see the amazing countryside. And if you want to experience the desert, why not ² over the sand on a camel? They really are amazing animals! It's best to ³ early, before the sun gets too hot. You'll probably be out of your ⁴ zone at first, but just try to relax and enjoy the experience! If you're visiting Yellowstone National Park, why not take a ⁵ down one of the rivers in a ⁶? There's nothing like the feeling of moving slowly across the water! It's nice to get away from the busy tourist ⁷ that are always so crowded with people, and it's better than going by road because you know there won't be any traffic ⁸!

Complete the text with the correct adjectives below.

amazing

delicious

exhausted

huge

small

unforgettable

A two-day birthday?

Most people enjoy their birthday and would be absolutely ¹ **delighted** if it could last a bit longer than normal. But some people go to a really ² amount of effort to achieve this. The way to create your own ³ and extra-long birthday is to travel in a plane across different time zones, from New Zealand to Hawaii. If you do this, your birthday can last for 48 hours! This sounds absolutely ⁴, but don't forget that you will spend the whole time in a plane, where the seats are quite ⁵ and the food might not be ⁶! And you will probably feel absolutely ⁷ when your journey finally ends!
