

EXERCISE 3

After you have found *the subject* and *the special idea about the subject*, you should decide what the essay question is asking you to do.

Match each essay question with what it is asking you to do.

Agree or disagree	Compare advantages and disadvantages
Compare two different opinions	Discuss problems and solutions

1. There are too many overweight children in the world. Why do children become overweight and what can be done about it? _____
2. Some people think that vegetarians are healthier than meat-eaters while other people think they are less healthy. Compare the two views.

3. Compare the dangers and benefits of using oil in cooking.

4. Sugar is now a big health problem in many countries around the world. What is your opinion? _____
