

# ANIMALES DE LA SELVA

Vamos a darle de comer a los animales... Suma... ¿Cuánta comida llevaremos en la cesta? Escríbelo en la cesta.

A horizontal math equation on a yellow background. On the left, there are three pink apples with a bite taken out of the right side of each. A large black plus sign is to their right. To the right of the plus sign is a single pink apple with a bite taken out of its right side. To the right of the apple is a black equals sign. To the right of the equals sign is a yellow woven basket with a white apple inside. There are two black horizontal lines above and below the equals sign, indicating the result of the addition.

An illustration of a math equation. On the left, there are two rows of two yellow bananas each, separated by a plus sign. To the right of the plus sign is another row of two bananas. To the right of the second row is an equals sign. To the right of the equals sign is a yellow woven basket with a brown handle, containing a single yellow banana.

A mathematical diagram on a yellow background. On the left, there are two groups of insects: two beetles each. A black plus sign is positioned between the two groups. To the right of the plus sign is a black equals sign. To the right of the equals sign is a yellow woven basket with a brown handle, containing a single white ball.

A mathematical equation is shown on a yellow background. On the left, there are six flies arranged in two rows of three. A large black plus sign is positioned next to the flies. To the right of the plus sign is a single fly. To the right of the fly is a black equals sign. To the right of the equals sign is a yellow and white polka-dot basket with a brown handle.
