Subject: English	Student Name:	Teacher: Ahmed Aggour
	Grade:	

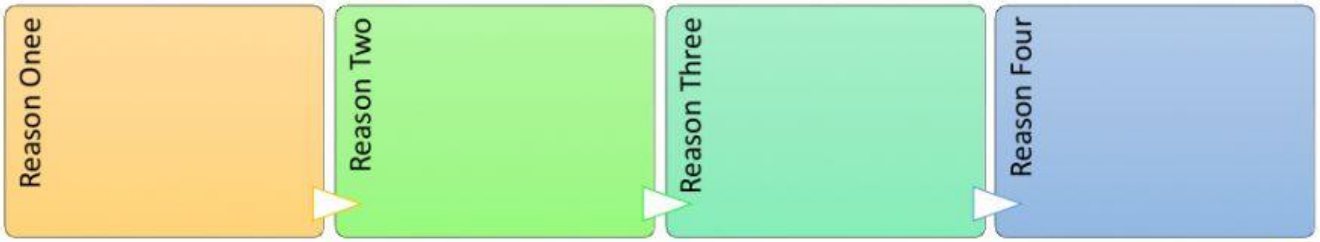

Objective **Being asked to express their opinion about artificial intelligence, students will be able to do online research on AI and present their findings in a graphic organizer correctly by 80%.**

Artificial Intelligence: It leverages computers and machines to mimic the problem-solving and decision-making capabilities of the human mind.

Essential Question: Is artificial intelligence (AI) good for societies?

I think AI is good for societies.	I do not think AI is good for societies.

Use your research findings to write a paragraph expressing your opinion about artificial intelligence. You should include reasons and examples.

Writing Rubric

Standards of Writing	Yes	Starting to	Not Yet
I presented both views and made my position clear.			
I supported my opinion with at least three clear reasons.			
I supported my reasons with an example as evidence.			
I organized my ideas by applying linking words.			
My spelling, grammar, and punctuation are accurate.
