

Repaso del 1 al 99

1. ¿Qué número falta para llegar al?

$1 + \square + 7 = 13$

$2 + 1 + \square = 14$

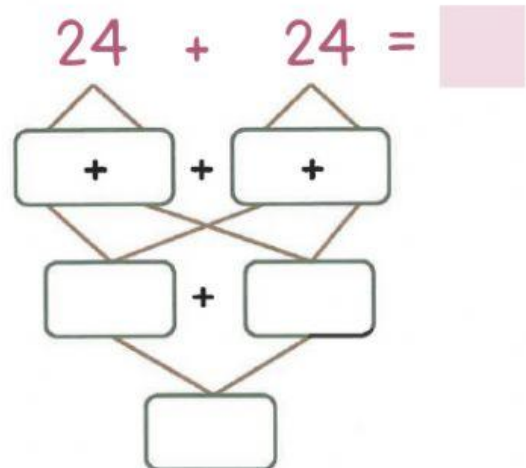

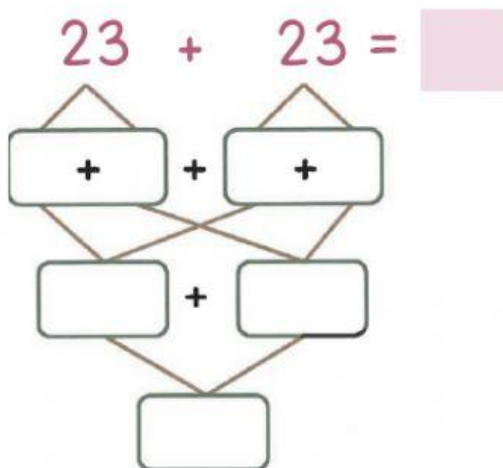

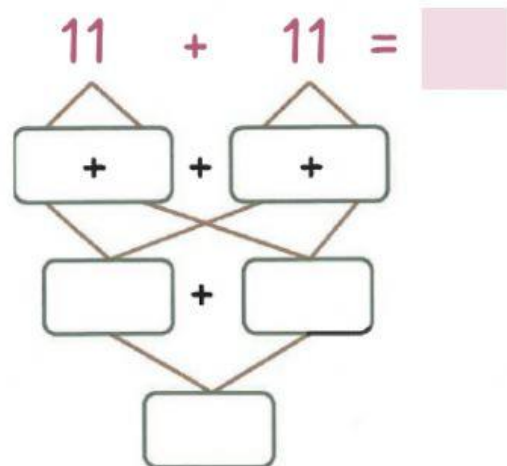

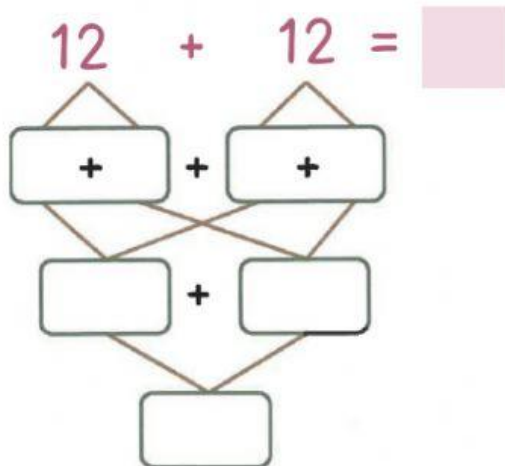

$2 + 7 + \square = 14$

$3 + 4 + \square = 11$

$4 + 2 + \square = 12$

$8 + 2 + \square = 13$

2. Sumas dobles

3. Completa el diagrama y las relaciones

$5 + \square = 12$
 $12 - 7 = \square$
 $12 - 5 = \square$

$8 + \square = 13$
 $13 - 5 = \square$
 $13 - 8 = \square$

4. Ordena de menor a mayor

quince

trece

seis

ocho

veinte

doce

5. Calcula los siguientes ladrillos

$4 + 12 = \square$	$1 + 15 = \square$	$16 + 2 = \square$
$17 + 2 = \square$	$5 + 12 = \square$	$4 + 13 = \square$
$6 + 13 = \square$	$6 + 12 = \square$	$6 + 14 = \square$
$14 + 3 = \square$	$2 + 13 = \square$	$5 + 13 = \square$

6. Suma. Los sacos de Paco
