

What's my learning style?

Draw a line to match the learning style described by each student.

COLIN: I Love role play! Any time I can act out what I'm learning, I really remember it! I wish I could do role play in all of my classes!	VISUAL LEARNER
SARAH: I hate groupwork! I just wish I could stay in my corner and read my notes and do my work. Other students are soooo annoying!	AUDITORY LEARNER
JERMAINE: Powerpoints are my friend! And I am so glad I get to journal in Teacher Cadets! I can't wait to read ahead for next week!	READING/ WRITING LEARNER
DORRAL: The worst part about school is the classroom! I would learn so much more if I could sit up in a tree and learn! Or in the garden. Somewhere where I could breathe the fresh air and feel the sun on my skin sometimes!	KINESTHETIC LEARNER
KIKI: When I study, I have to kind of make connections in the notes, you know? Like show how this part is connected to that part. If I don't do that, I won't remember anything!	SOCIAL/ LINGUISTIC LEARNER
ALEXANDRIA: I need charts! I need my stick figures! I need graphics! Honestly, how does anyone learn just be looking at <i>words</i> ??!!	LOGICAL/ MATHEMATICAL LEARNER
CHARLENE: Science is my favorite subject! I love doing all the experiments! Being able to hold stuff and manipulate them gives me life!	SOLITARY LEARNER
MARGO: Can we just talk about it? I mean, when we study, can we talk instead of the charts and the words? I prefer to hear the notes out loud. That really helps me.	NATURE LEARNER
