MINDSET FOR IELTS LEVEL 2 – UNIT 2 – READING

14 This section focuses on questions which check your understanding of the text *as a whole*. Read the text and choose the correct letter, A, B or C.

TIP 14

For this question type, do not choose an answer based just on one paragraph. You need to read the whole text in order to choose the correct summary.

Despite Beckham's good looks and famous marriage to Victoria Beckham, he was actually an exceptionally good footballer. His professional career began with Manchester United in 1992, at the age of 17. With United he won the Premier League title six times, the FA Cup twice and the UEFA Champions League in 1999. He later went on to play for Real Madrid and LA Galaxy.

In international football, he made his England debut in 1996 at the age of 21.

He was also made captain in 2002 and had short spells at AC Milan and Paris St Germain. His former boss, Alex Ferguson, praised David for always trying hard, playing with supreme confidence and scoring important goals.

His football career was not always easy, however. During the 1998 World Cup, in a game against Argentina, he was fouled by the player Diego Simeone. In retaliation, Beckham kicked Simeone and was given a red card. Consequently, when England went on to lose the game and go out of the World Cup, Beckham became hated by football fans and was portrayed very negatively by the media.

It took three years before Beckham was allowed to play for England again and in 2002 he redeemed himself by scoring a penalty in a 1–0 victory against Argentina.

In 2013 Beckham retired from professional football and played the last game of his 20-year career. Although he is now retired from football, reports claim that he earns more money now than he did as a successful footballer. In 2014 it was documented that he earned £50.5 million, a large portion of which came from brand endorsements for companies such as Adidas, Sky Sports and Samsung.

What is the best title for this article?

- A What has Beckham achieved during his career?
- B Despite all the media attention, was Beckham a good football player?
- C What problems did Beckham have during his football career?

- 15** Using all the skills you have learnt in this lesson, read the text and complete the multiple-choice task which follows.

A BRIEF HISTORY OF FOOTBALL

There is no clear evidence stating where and when football was actually invented, but most historians agree that some type of ball game had been played centuries before the modern game developed in England. Football has a long and interesting history and origins of the game are present in sports played thousands of years ago in China, Egypt, Japan and Greece. Aspects of the game can be traced as early as the second and third centuries BC in China. Their game, originally named 'Tsu Chu', involved kicking a leather ball into a small hole.

The first football games played in Britain were in the 700s and the English equivalent of a football was made using an animal bladder. Games were violent and injury and death were common. Despite the violence, however, they were still very popular. The game had become so popular that in the 1300s Edward II banned the sport because people were playing football rather than practising archery. This was especially important to this king, as he was preparing to go to war with Scotland. This was to be the first of many bans imposed by the kings and queens of England.

In 1605 football became legal and once again the sport grew in popularity.

In the 1800s it became particularly common in private schools such as Eton, and it was only then that a set of rules was established. Until then, the game had continued to be violent, as it had had limited rules and no referees. Before the 1800s, for example, it was considered normal to hit players on the opposite team and to damage their possessions. In 1848, on Parker's Piece in Cambridge, these rules were developed further and a new version called the 'Cambridge Rules' was used by all schools, colleges and universities.

Though football could be considered a male sport, women also play it.

An increase in women playing the sport began during the First World War, when women did jobs traditionally done by men. Those working in places like factories regularly met to play. Unfortunately, a ban was imposed when the war ended, but it was eventually lifted in the UK in 1971. In 1991 China hosted the first Women's World Cup and in 1996 the first ever women's football event was held at the Olympics.

07 Study these two charts.

08 Read and order the sample answer describing the two charts.

SAMPLE ANSWER

- A** Looking at the bar chart it is easily apparent that China has been significantly more successful than any other country in badminton. They have achieved far more gold medals than other countries but have gained only slightly more silver and bronze medals.
- B** To summarise therefore, both charts illustrate the countries (or former countries) with the greatest number of medals. The bar chart indicates that China is the most successful country in badminton and the pie chart shows that the USA is the most successful in rowing.
- C** The bar chart illustrates the country medal leaders in badminton and also the number of gold, silver and bronze medals won by each country. The pie chart, however, shows which countries are the most successful in rowing.
- D** The pie chart, on the other hand, shows that the USA won the most medals in rowing. They were a little more successful than Great Britain, however. The other three countries represented won roughly the same number of medals each.
