How we use water at home and at school

Let's write

We use water every day. Look at the different ways in which we use water. Next to each picture, drag the correct captions.

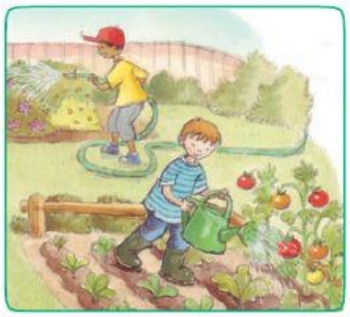

To put out fires

To wash ourselves

To help plants to grow

To wash clothes or dishes

To cook food

et's write

Look at the pictures. Read the sentences below. Add a tick (✔) to each action that helps us save water, and a cross (✘) to each one that wastes water.

	✔ or ✘
I let the tap run while I brush my teeth.	
I don't throw away the bath water, I use it to water the garden.	
Every night, I bath in a bath full of water.	
If I see a tap dripping, I close it tightly.	
We wash the dishes under running water.
