

Jane Ross, from Centro Pumps UK, is visiting MetaLin, a supplier in Hamburg. Read and complete the text with verb in present simple

-Frank: At this factory, we _____ (make) steel products. And at the other factory in Munich, they make products from aluminum.

-Jane: Right. Where does your steel come from?

-Frank Where do we buy it?

-Jane: Yeah.

-Frank: From a supplier here, in Hamburg.

-Jane: Right. And does it come from Germany?

-Frank: No. It _____ (come) from China. The supplier _____ (be) an importer.

-Jane: OK.

-Frank: We buy about two hundred and fifty tones a year. So, we _____ (be) only a small buyer. But... with two hundred and fifty tons of steel, we make twelve thousand products.

-Jane: So you make twelve thousand products a year at this factory. Where do you sell your products?

-Frank: We _____ (sell) fifteen percent of them in Germany, and... the other eighty-five percent... all over the world. We _____ (have) have customers in... twenty-two countries.

Are these sentences true (T) or false (F)?

1 MetaLin buys steel from a supplier.

2 Metalin has a factory in China.

3 Metalin has customers in a number of countries.
