I used to watch lots of soap operas, but I hate them now. I didn't use to exercise, now I go swimming twice a week.	I am used to drinking 4 or 5 cups of coffee a day. I love it. I'm not used to taking a bus anymore.	I got used to eating healthy because of my weight. I'm getting used to working in the early morning.	I can't get used to wearing a mask. I couldn't get used to watching shows such as the voice. I think I hate drama.
