

1. Suma las siguientes figuras y escribe en el cuadradito el resultado.

RECUERDA:

				
2	1	1	2	1

$$\text{Note with stem and open circle head} + \text{Note with stem and solid black circle head} = \square$$

$$\text{Note with stem and two solid black circles heads} + \text{Note with stem and 'Z' shaped head} + \text{Note with stem and solid black circle head} = \square$$

$$\text{Note with stem and two solid black circles heads} + \text{Note with stem and two solid black circles heads} = \square$$

$$\text{Note with stem and 'Z' shaped head} + \text{Note with stem and open circle head} = \square$$

$$\text{Note with stem and solid black circle head} + \text{Note with stem and solid black circle head} + \text{Note with stem and solid black circle head} + \text{Note with stem and solid black circle head} = \square$$

$$\text{Note with stem and two solid black circles heads} + \text{Note with stem and solid black circle head} + \text{Note with stem and solid black circle head} = \square$$

$$\text{Note with stem and open circle head} + \text{Note with stem and horizontal line head} = \square$$

$$\text{Note with stem and solid black circle head} + \text{Note with stem and 'Z' shaped head} = \square$$

$$\text{Note with stem and open circle head} + \text{Note with stem and solid black circle head} + \text{Note with stem and two solid black circles heads} = \square$$

$$\text{Note with stem and solid black circle head} + \text{Note with stem and horizontal line head} + \text{Note with stem and two solid black circles heads} = \square$$
