PREPOSITIONS OF PLACE

Name: _____ **Level:** _____

I. Read Camilo's letter to a Friend. Then, select the correct answer.

Hi José,

I am doing very good. My new neighborhood is a little different, but I like it. It is really big and well organized. I live between 2 other houses, and the neighbors are cool. I like going to the public library, which is near my house, across 4th avenue. It looks like an old church. They have awesome comic books and movies there! it is great that I live right behind my school. I do not wake up so early anymore! Haha. After school, I sometimes go and play in the tennis court next to the school; I am playing quite well now! Sometimes we also go to the restaurant in front of the school or the café that is next to the restaurant. Hope you come and visit me soon so I can show you the neighborhood.

Take care,

Camilo

1. Camilo lives _____ two other houses.
2. The library is _____ Camilo´s house.
