Q1. All small squares in each figure below are of side 1 cm. Find the perimeter.

<b>1. Perimeter = _____</b> 	<b>2. Perimeter = _____</b> 
<b>3. Perimeter = _____</b> 	<b>4. Perimeter = _____</b> 
<b>5. Perimeter = _____</b> 	<b>6. Perimeter = _____</b> 
<b>7. Perimeter = _____</b> 	<b>8. Perimeter = _____</b> 
<b>9. Perimeter = _____</b> 	<b>10. Perimeter = _____</b> 

Q2. Four square tiles, each of side 13 cm are used to make a bigger tile. Find the perimeter of the bigger tile.

Side of the bigger tile = \_\_\_\_\_ cm

Perimeter of square = \_\_\_\_\_ x \_\_\_\_\_ (Write formula)

= \_\_\_\_\_ x \_\_\_\_\_ (write numerals)

= \_\_\_\_\_ cm
