I live in Raval on Carrer de la Cera. When I want to go out for dinner I have a lot of options. There is a Burger King opposite my house. If I want pizza, there is a pizza restaurant next to my house. There is an excellent tapas restaurant under my house, and if I feel like having a kebab there are 3 kebab shops around the corner!

Kebabs, hamburgers and pizzas aren't very healthy so I need to exercise. Fortunately, there are two sports centres close to my house. One problem is that the academy where I work is far from my house, but I can catch the bus there from the bus stop in front of Pia School.
