

Using <b>YOU</b> , <b>ONE</b> , and <b>THEY</b> as Impersonal Pronouns	
<p>a) <b>One</b> should always be polite.</p> <p>b) How does <b>one</b> get to 5th Ave from here?</p> <p>c) <b>You</b> should always be polite.</p> <p>d) How do <b>you</b> get to 5th Ave from here?</p>	<p>In (a) and (b): <b>ONE</b> means "any person" or "people in general."</p> <p>In (c) and (d): <b>YOU</b> means "any person" or "people in general."</p> <p><b>ONE</b> is more formal than <b>YOU</b>. Impersonal <b>YOU</b>, rather than <b>ONE</b>, is used more frequently in everyday English.</p>
<p>e) <b>One</b> should take care of <b>one's</b> health.</p> <p>f) <b>One</b> should take care of <b>his</b> health.</p> <p>g) <b>One</b> should take care of <b>his or her</b> health.</p>	<p>Notice the pronouns that may be used in the same sentence to refer back to 1:</p> <p>(e) is typical in British usage and formal American usage.</p> <p>(f) is mostly American usage.</p> <p>(g) is stylistically awkward.</p>
<p>h) Did Anne lose her job? Yes. <b>They</b> fired her.</p> <p>i) <b>They</b> mine graphite in Brazil, don't they? Yes. Brazil is one of the leading graphite producers in the world.</p>	<p><b>THEY</b> is used as an impersonal pronoun in spoken or very informal English to mean "some people or somebody."</p> <p><b>THEY</b> has no stated antecedent. The antecedent is implied: In (h), <b>THEY</b> = the people Ann worked for.</p>
