

1-Find the meaning of the underlined words and match column A with column B.

(Για να βρείτε τις σημασίες όσων λέξεων δε γνωρίζετε ή δεν μπορείτε να μαντέψετε από το κείμενο γράψτε στο google τη φράση «English to Greek dictionary» και θα σας βγάλει αμέσως σε ένα λεξικό. Γράψτε την αγγλική λέξη και θα δείτε τη σημασία της δίπλα. Ακριβώς από κάτω δίνει και μια δεύτερη ή τρίτη σημασία)

Possibility	κατασκευάζω
Design	μηχανή
Aspect	συμβόλαιο
Lift	σχέδιο, σχεδιάζω

2- Drag and Drop

The Wright Brothers were the first to fly in the using a flying machine. Wilbur was the and also the one who the first machine that could fly. The first time he to fly it, however, it . The two brothers used their shop as the place to and their flying machines. After some failures, they to keep the first airplane in the air for as as twelve seconds. And that was it! From that on the of humanity changed. The Wright brothers wanted the U.S. government to their invention but no one took them . Finally, it was Roosevelt who believed in them and asked them to for the U.S. Army. In 2003 to the 100 years of flying the Americans arranged to show how the first flight took place but their plans because of bad weather.
