Sequence of Events

Name _____

Read the details from the story on the attached page.
Cut and paste them on the timeline below in the order they happened.

Sequence of Events

Cut out the events below. Paste them on the attached sheet in the order they happened in the story.

The water from the pumpkin stopped rising and created an island.	The pumpkin burst, and water and sea life flowed out of it.	The Taino child planted his seeds on top of the mountain.	The people ran up the mountain and hid from the rising waters.
A forest of flowers, green leaves, and trees grew on the mountain.	A large golden ball grew out of one of the flowers.	Two men fought over the pumpkin and caused it to roll down the mountain.
